TECHNICAL SKILLS

- Java
- SQL/NoSQL DB
- Spring Framework
- Spring Boot
- Git & GitHub
- JUnit 5
- SCRUM
- REST API
- Swagger
- OOP
- RabbitMQ
- New Relic
- Docker
- Postman
- Azure DevOps
- HTML
- CSS
- JavaScript
- Angular
- Agile Projects

SOFT SKILLS

- Self-motivated
- Organized
- Communicative
- Fast learner
- Problem-solver
- Detail-oriented
- Team player
- Adaptable
- Creative
- Time management

WORK EXPERIENCE

SOFTWARE DEVELOPER

Anheuser-Busch InBev (Aug. 2022 - July 2023)

I contributed to a Java-based REST API project using Spring Boot and Design Patterns, ensuring high-quality code delivery. I conducted thorough unit and integration tests with JUnit5 and facilitated asynchronous integration with RabbitMQ via Kafka. The project was microservices-based, deployed on Docker and Kubernetes, with my deep involvement in four key microservices focusing on accounts and related functionalities. It was integrated with a NoSQL database for enhanced scalability and data management.

EXECUTIVE ASSISTANT MANAGER

Pousada Alvorada (Jan. 2021 - Aug. 2022)

Implemented Toyota Production System as administrative assistant, reducing monthly expenses by 25% and increasing reservations by 17%.

CIVIL ENGINEER

Incorporadora Ferreira Pinto (Jan. 2018 - Mar. 2019)

I oversaw quality and production as a civil engineer, optimizing distribution of materials with Toyota Production System and PDCA cycle.

EDUCATION

FULL STACK JAVA DEVELOPER

Generation Brasil (March 2022 - June 2022)

BACHELOR IN CIVIL ENGINEERING

Universidade de Pernambuco (Aug. 2014 - Dec. 2020)

LANGUAGES

- Portuguese (C2)
- English (C1)
- French (B2)
- Spanish (A1)
- German (A1)

EXTRACURRICULAR

VOLUNTEER ENGLISH TEACHER

Escola Municipal André de Melo, Recife - Brasil (2018)

VOLUNTEER JOURNEY TUTOR

Universidade de Pernambuco, Recife - Brasil (2015)
